PROPOSED BUDGET HIGHLIGHTS:

DRIVERS OF INCREASED COSTS:

Salaries and benefits account for eighty percent of the General Fund budget. As a result of continued cooperation from our labor groups, the anticipated budget deficit for FY 2013-14 has been eliminated through salary concessions resulting in nearly all City employees picking up at least half of the Employer Paid Member Contribution (EPMC).

REVENUES:

The City's General Fund recurring revenue estimates for FY 2013-14 are expected to increase 0.9% from the FY 2012-13 revised forecast mainly due to a rise in sales tax and property tax. Increases in several revenues including sales tax, property tax, service charges, in lieu of taxes, and transient occupancy tax offset a decrease in intra-city services charges, franchise fees, and contributions.

BUDGET REDUCTIONS:

To balance the budget this year, departments were asked to reduce their discretionary budgets by up to two percent. Actual recommended reductions vary by department, as every effort was made to minimize the impact any reduction would have on the community.

FEE INCREASES:

As part of addressing the City's recurring budget deficit, enhancing City revenues is a key factor. A balanced approach has been used which includes increases in fees for City services and programs, while still being in line with or often below comparable cities.

ENTERPRISE FUNDS:

Enterprise Funds consist of: the Water Reclamation and Sewer Fund, the Refuse Collection and Disposal Fund, the Golf Fund, and the Electric and Water Utilities.

These funds support operations and services through charges to customers. Due to increased costs, there will be proposed rate increases in the Electric, Water, Refuse and Sewer funds.

ADDITIONAL INFORMATION

The FY 2013-14 Proposed Budget is available for review at each of the three libraries, the City Clerk's Office and the Financial Services Department. It can also be found on the City's website.

Questions may be referred to the Financial Services Department — Budget Division at (818) 238-5500.

INTERIM CITY MANAGER
Ken Pulskamp

The Budget is a financial document which uses anticipated revenues to create a proposed expenditure plan approved by the City Council, City Manager, and the City's Executive Team. The Fiscal Year (FY) 2013-14 Budget development process began in late 2012 with materials for distribution prepared for department review and meetings in January 2013. Since then, departments have been working to prepare their respective budgets.

The City Council will hold Study Sessions on May 7 and 14. A budget overview will be presented for each department, along with proposed fee increases.

The Burbank City Charter sets forth the legal requirements for the adoption of the City budget, which must be completed prior to June 30 of each year. There will be a public hearing regarding the budget on June 4, 2013, with budget adoption scheduled for June 11, 2013. This brochure focuses on General Fund revenues, anticipated appropriations and budget highlights.

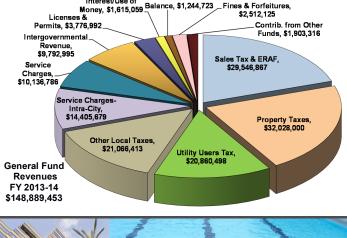

GENERAL FUND

Interest/Use of

General Fund revenues from all sources, as designated in the chart to the right, are projected at \$148,889,453, representing 23% of all resources received by Burbank. The City's top three general sources: Sales Tax. Property Tax and Utility Users Tax. account for 56% of General Fund recurring revenues.

Burbank's revenues continue to remain stable compared to many other cities. However. revenue recurring growth is expected to average 2.6% over the next five years while recurring expenditure growth will average 2.7%.
